

Deterring **97%** of intruders at self storage units, without human intervention.

MANAGED SURVEILLANCE SOLUTIONS TO PROTECT YOUR BUSINESS.

REMOTE VIDEO MONITORING

18 SECOND RESPONSE TIME

AI TECHNOLOGY

MULTI-VIEWS & HD VIEWS

FLEXIBLE CLOUD STORAGE

REAL-TIME ACCESS TO VIDEO FEED

Do more than react to crime.

Proactive Solutions Combining AI and Human Intellect

- **Smart Device Compatibility & Mobile App**

Access to your surveillance video, metrics, and functionality from anywhere.

- **Dedicated Surveillance Team**

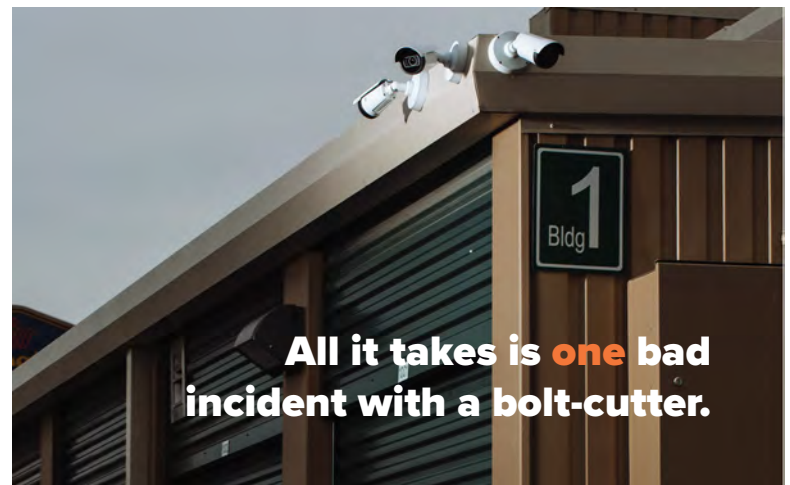

Dependable 24/7 monitoring for consistent response to events within 18 seconds.

- **Incident Reporting and Monthly Summaries**

Review links to footage and full details of when each tracked incident occurred.

- **Video Analytics & Dashboard**

Behavioral checks will identify high traffic areas, human compliance, and job site performance for efficient management.

For most unmonitored self storage facilities, criminals only need a bolt-cutter to enter unauthorized units. It is easy to stay ahead of the game with a complete, unblinking, 24/7 view of your entire self storage facility. Using advanced video analytics and artificial intelligence, you can get a level of protection that just isn't possible with gates and padlocks alone.

Deterring **97%** of intruders at retail centers without human intervention.

Retail Strip Centers are an optimal target for break-ins, vandalism, trespassing, and even drug use.

Retail Strip Centers pose challenging security threats due to their back alleys, storefronts and parking lots.

Fortunately, Pro-Vigil's security systems keep vulnerable areas safely monitored and protects the property with voice-down communication to deter criminals, notifying law enforcement when necessary. This will give your customers the protection they deserve so they can shop, eat, and have a great time in peace.
